

Free Writing and Grammar Activities to Help Students Become Strong Writers

What is Quill?

Quill is a nonprofit, educational technology organization dedicated to helping students build grammar and sentence construction skills. With **over 600 research-based writing, grammar, and proofreading activities**, Quill helps students become strong writers.

35,000 Teachers

1,700,000 Students

200 Million Sentences

How does Quill work?

Quill's 10-15 minute independent practice activities help students build sentence construction skills. As students work through activities, Quill provides instant feedback and hints to help students improve. The collaborative class lessons tool allows teachers to introduce grammar concepts through an interactive and engaging platform. After students complete activities, Quill's Student Reports save teachers dozens of hours spent on grading.

What are Quill's tools?

-  **Quill Lessons:** Shared Group Lessons
-  **Quill Grammar:** Practice Mechanics
-  **Quill Connect:** Combine Sentences
-  **Quill Proofreader:** Fix Errors In Passages
-  **Quill Diagnostic:** Identify Learning Gaps and Assign Personalized Learning Plans.

How can I integrate Quill into my classroom?

Do Now

Use Quill's activities as a quick daily warm-up at the beginning of class.

Independent Practice

Use Quill after a mini lesson to reinforce your instruction.

Homework

Assign Quill as homework for students to complete on a smartphone or computer.

How can I start using Quill with my students?

1

Sign Up

Go to [Quill.org](https://quill.org) and sign up as an educator to get access to all of our content for free.

2

Add Students

Create a classroom and add your students, or use **Google** or **Clever** to import your students.

3

Assign Diagnostic

Assign a diagnostic to gauge skills, or select one of our featured activity packs.

4

View Reports

Use the student reports to review progress and student answers.

How does Quill provide personalized instruction?

Once your students complete the diagnostic, Quill will generate a 10 week personalized learning plan for each student that targets needed skills. Quill also provides a diagnostic for ELLs.
